1. DISH Easement Request
2. Kottsick Annexation Request

**CITY OF STANWOOD
PUBLIC WORKS/PARKS COMMITTEE
AGENDA STAFF REPORT**

DATE: August 2, 2021
SUBJECT: August PWC Agenda Topics
FROM: Kevin Hushagen Public Works Director

1. DISH Easement Request

DISH Wireless is launching a nationwide innovative 5G network that provides faster smartphone speeds. As part of that effort, DISH has requested an option from the City to place their equipment on one of our water towers to serve the Stanwood community. They are proposing to install 3 sets of 3 group antennas (total of 9) on the 120-foot water tower as well as installing support equipment boxes on the ground near the tower.

2. Kottsick Annexation Request

The City has received a request from Edwards Development Group, on behalf of the property owner, Marylyn Kottsick, to annex approximately 30 acres into the City. The annexation consists of two parcels located directly adjacent to the most northern boundary west of 80th Avenue. The Comprehensive Plan identifies these parcels within the Urban Growth Area of the City, which are intended to eventually be annexed into the City. The pre-zoning designation of the property is Single Family Residential 7.0 under the City's Future Land Use Map and the zoning is proposed to remain as Single Family Residential 7.0.
