APPLICANT CERTIFICATION

I certify that I am the Owner or Owner’s authorized agent. If acting as an authorized agent, I further certify that I am authorized to act as the Owners agent regarding the property at the above referenced address for the purpose of filing applications for permits or review under the Stanwood Municipal Code and I have full power and authority to perform on behalf of the Owner all acts required to enable the City to process and review such applications.

I do hereby declare under penalty of perjury under the laws of the State of Washington that I have familiarized myself with the rules and regulations with respect to preparing and filing this application and that the statements and information submitted herewith are in all respects true and correct to the best of my knowledge and belief.

Applicant’s Signature Date

Print Name

REAL PROPERTY OWNER CERTIFICATION

I do hereby declare under penalty of perjury under the laws of the State of Washington that I am the owner of the subject property or an officer/member of the entity owning the subject property, that it is my desire to seek the subject land use permit, and that I will abide by any requirements and conditions that may be part of the approval of this request. I also hereby grant permission for City employees, agents of the City and/or other agency officials to enter the subject property, if necessary, for the purpose of site inspections.

Owner’s Signature Date

Print Name

For additional owners please supply each owners name, signature and date on a separate sheet.

FINAL PLAT REQUIREMENTS

COMMUNITY DEVELOPMENT
10220 270th Street NW Stanwood, WA 98292

INSTRUCTIONS

The table below outlines the minimum information that must be provided on your plan sheets. All plans must be prepared by—or under the supervision of—a registered land surveyor or professional engineer illustrating the proposed development of the property.

FINAL PLAT SHEET REQUIREMENTS

GENERAL

- The size of each sheet shall be 18 by 24 inches.
- A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of three inches on the left side and one-half inch on each of the other three sides.
The scale of the plat shall be not less than one inch equals 200 feet. The perimeter of the plat or subdivision being recorded shall be depicted with heavier lines wider than the remaining portion of the plat or subdivision.
- If more than two sheets are used, an index of the entire subdivision showing the arrangement of all sheets shall be included. Each shall be appropriately numbered.
- All signatures placed on the final plat shall be original signatures written in permanent black ink.

Final Plat Sheets

- Title Block (centered at top of drawing) that includes the following:
 - City of Stanwood
 - Name of Proposed Development
 - File Number
 - Section, Township, & Range
- Title Bar (locate along right edge of sheet) that includes the following:
 - Date Drawing was Prepared or Revised
 - Project Name & Location
 - Name, Address, & Phone Number of Applicant, Owner, Engineer, & Surveyor
- Site Information:
 - Site Address
 - Recreational & Open Space (if applicable)
 - Adjacent Street Names & Classifications
 - Required Parking Space Calculations (required & proposed)
 - Datum (if applicable)
 - Critical Area Types Located On-Site (If Applicable)
 - Shoreline Classification (If Applicable)
- Date Plans Were Prepared
- Name, Address, Phone Number, & Email Address of the Applicant, Owner, Surveyor and Engineer
- Date, Scale and North Arrow
- Legal Descriptions, Conditions, Covenants, Restrictions, and Easement Provisions
- Reference Points and lines of existing surveys identified, related to the plat as follows:
 - Stakes, monuments or other evidence found on the ground and used to determine the boundaries of the subdivision;
 - Adjoining corners of adjoining subdivisions;
 - City or county boundary lines when crossing or adjacent to the subdivision
 - Section and donation land claim lines within and adjacent to the plat;

- Whenever the county or the city of Stanwood has established the centerline of a street adjacent to or within the proposed subdivision, the location of this line and monuments found or reset;
 - All other monuments found or established in making the survey of this subdivision or required to be installed by provisions of these regulations.
- Mathematical boundary closures of the subdivision showing the error of closure, if any.
- The mathematical lot closures and street centerline closures and square footage of each parcel.
- The exact location and width of streets and easements intersecting the boundary of the tract.
- Tract, block and lot boundary lines and street rights-of-way and centerlines, with dimensions, bearings or deflection angles, radii, arcs, points of curvature and tangent bearings. Tract boundaries, lot boundaries and street bearings shall be shown to the nearest second with basis of bearings. All distances shall be shown to the nearest one-hundredth of a foot.
- The width of the portion of streets being dedicated, the width of any existing right-of-way and the width of each side of the centerline. For streets on curvature, curve data shall be based on the street centerline. In addition to the centerline dimension, the radius and central angle shall be indicated.
- Easements denoted by fine dotted lines, clearly identified, and, if already of record, their recorded reference. The width of the easement, its length and bearings, and sufficient ties to locate the easement with respect to the subdivision must be shown. If the easement is being dedicated by map reference, it shall be properly referenced in the owner's certificate of dedication.
- Addresses assigned to lots and lot numbers being with number "1" and numbered consecutively without omission or duplication throughout the plat. The numbers shall be solid, of sufficient size and thickness to stand out, and so placed as not to obliterate any figure. Lot numbers in an addition to a subdivision of the same name shall be a continuation of the numbering in the original subdivision.
- Land parcels to be dedicated for any purpose, public or private, shall be distinguished from lots intended for sale.
- The following certificates may be combined where appropriate:
 - A certificate signed and acknowledged by all parties with any recorded title interest in the land subdivided, consenting to the preparation and recording of the plat;
 - A certificate signed and acknowledged as above, dedicating all parcels of land shown on the final map intended for any public use, except those parcels that are intended for the exclusive use of the lot owners in the subdivision, their licensees, visitors, tenants and servants;
 - A certificate with the seal of and signed by the engineer or the surveyor responsible for the survey and final map;
 - Other certifications now or hereafter required by law.
- Lots containing one acre or more shall show net acreage to nearest hundredth, whenever possible.
- Private street language (if applicable)
- Dedication, Acknowledgements, and Certifications
 - Dedication of Public Street and Parcels.
 - The completed plat must show an acknowledgment as approved by the planning director.
 - The completed plat must show a certificate from the engineer or land surveyor who platted the property approved by the planning director
 - The completed plat shall also show certificates signed by the public works director and planning director that they have examined and approved the final plat.
 - The plat shall also contain the signatures of the mayor and the assessor, certifying that they have examined and approved the final plat.
 - The plat shall also show a certificate signed by the treasurer that all taxes have been fully paid on the land included in the final plat.
 - The plat shall show a certificate signed by the auditor showing the date, time and place the final plat was filed for record.
 - If necessary, the applicant shall also meet the requirements of SMC 17.102.080(3).
